#### BUSINESS HIGHLIGHTS

- Loyal Customer Base
- Growing revenues
- Increasing Seller's Discretionary Earnings
- Experienced team in place

---

As a leading provider of electrical construction needs this company offers a turnkey operation. They provide a wide range of services from design/build and retrofits to electrical construction, low voltage, data, fiber optic and fire alarm and temperature controls. Their customers are commercial, industrial, medical, Federal, County and local municipalities located within a 75 mile radius of the current location. The new owner(s) will be taking over a financially strong union electrical contractor with an experienced team in place.
